### **Our Aim**

To help young people and their families, who live in the Dudley area, accommodate the death of someone who was special to them.

We also offer support to families where a parent or sibling has a serious illness and may not recover. We encourage feelings to be shared, and help prepare for the future.

## Who are we?

We are a group of volunteers who have experienced the pain, isolation and exclusion that bereavement can bring.

We come from many different backgrounds and have a wealth of experience working with families in various voluntary and professional capacities.

We are compassionate, non-judgemental and caring and we are dedicating our time to make a positive impact in the lives of many families within the Dudley Borough.

We call ourselves;-  
***The Round Oak Robins***

## So, what do we do?

We were formed in 2006 to work closely with children, young adults and their parents / carers.

### **We offer:-**

**telephone support**

**home visits**

**activity days & events**

**support for schools and other organisations**

We offer suggestions to help families to address difficulties caused through bereavement.

Our aim is to reduce emotional, physical and spiritual distress.

We work to a tried and tested professional model of care.

We are not a religious organisation and offer our service to all.

Most of all ***we care!***

## Most importantly!

We can introduce families and individuals, who are experiencing very similar situations, to each other. This sometimes is an answer in itself.

Isolation and exclusion unfortunately can sometimes come with the death of a loved one, but we are here to inform you.....
